Professional Objective

Software Engineering student with a solid theoretical foundation, currently at the beginning of my professional technical journey. Seeking an internship to learn industry best practices, contribute through disciplined work, and gain hands-on experience under the mentorship of an experienced team.

Education

HND Cycle in Software Engineering

Estuary Academic and Strategic Institute (IUES/Insam)

Skills

- Fundamental knowledge of Software Engineering principles.
- Eager to rapidly develop technical skills in a professional environment.
- High level of discipline, curiosity, and commitment to learning.
